Exterior Paint Color Guidelines

Permitted exterior paint colors in Timbercreek are "muted earth tones". That is whites, creams, ivories, beiges, grays, muted yellows, muted greens, some oranges, some pinks (if the roof color permits). Brown and muted blues for entry doors, garage doors and trim only. Reds and purples are not permitted.

All exterior repainting, even if repainting the same color, must be approved by the Timbercreek HOA Architectural Review Board
